"Your Maine Craft Connection Since 1985"

Selection: We promise to carry a broad selection designed to meet the needs of the serious crafts person or woodworker. We also carry a variety of 2nds that can save you 50% or more on selected items. Since these change frequently, please check our website for up to the minute pricing and availability, or call us toll free at 1-800-452-2739.

Quality: We are proud to sell the quality you need. The Best-We have it! Economy grade-We have that too!

Service: We know that when you call, you need your order **NOW!** If you place your order before Noon, it will go out the same day! Any time you need expedited service, please call and we will do our very best to accommodate you, right up to our closing at 4:30PM EST. Please call 800-452-2739 8-4:30 Monday-Friday EST, or leave your name and number on our answering machine, and we will contact you on our next business day.

***2ND QUALITY MERCHANDISE:** What is the difference between 1st and 2nd quality? Our 1sts are all premium grade turnings, manufactured to tight tolerances. Our 2nds, while not the same as 1sts, are all hand sorted to insure good usable pieces. The primary reason for grading something 2nd quality is a slight roughness or discoloration in the wood. Many customers find them perfectly acceptable for most projects, at a price that can be 1/2 that of 1st quality. **Supply is very spotty, so please call for availability. Items shown on our website are in stock.**
